Accelerating success.

## CHALLENGE

To coordinate the site selection, design and construction of a physician owned surgery center and medical office building.

## BUILDING FEATURES

- A three-story medical office building
- State-of-the-art surgery center
- Physician office space for orthopedics, oncology and radiology

## STRATEGY

- Assembled a fully integrated team to coordinate architectural, construction and marketing of unused medical office space

## RESULTS

- The physician owners were able to provide a combined surgery center/MOB in one of the fastest growing medical corridors in Greater Cincinnati
